

NITIN SAAD

Senior React.js Developer | Frontend Engineer

📍 Pune, Maharashtra | 📞 8839943091 | ✉ nitin.saad1995@gmail.com | 🔗 linkedin.com/in/nitin-saad

PROFESSIONAL SUMMARY

Senior React.js Developer with 7+ years of experience building scalable, high-performance web applications. Expert in React.js, TypeScript, Redux Toolkit, and modern frontend architecture. Proven track record of delivering complex UI solutions with performance optimization, API integration, and AWS cloud services. AWS Certified Cloud Practitioner with exposure to .NET/C# backend development. Seeking Senior/Lead Frontend roles in Pune or Remote.

EXPERIENCE

Senior React.js Developer

Sept 2022 – Present

Calsoft Pvt Ltd, Indore

- Led frontend development of enterprise web applications using React.js and TypeScript
- Implemented scalable state management using Redux Toolkit across multiple modules
- Set up and maintained CI/CD pipelines using Jenkins and Docker for automated deployments
- Integrated AWS services (S3, EC2, Lambda, Route 53) for cloud infrastructure management
- Optimized application performance using memoization, lazy loading, and code splitting
- Collaborated with backend teams to design and consume RESTful APIs
- Participated in code reviews and contributed to frontend architecture decisions
- Mentored junior developers through code reviews and pair programming sessions

React.js Developer

Aug 2021 – Aug 2022

Thoughtwin IT Solution, Indore

- Developed responsive UI components using React.js and Material UI
- Integrated RESTful APIs using Axios for seamless data communication
- Implemented state management using Redux and Context API
- Worked closely with designers to convert Figma designs into functional components
- Collaborated with cross-functional teams to deliver features on schedule

React.js Developer

Jul 2019 – Aug 2021

Acompworld Technosoft, Bhopal

- Built reusable UI components using React.js following best practices
- Implemented responsive designs using HTML5, CSS3, and Bootstrap
- Worked with backend teams to integrate RESTful APIs
- Used Git for version control and collaborative development

KEY PROJECTS

Uniteam — Office Management Web App [uniteam.io](#)

React JS, Redux, Material UI, TypeScript, Context API, Git

- Developed a web-based office management platform to handle tasks, meetings, and bug tracking
- Implemented reusable component library for consistent UI across the application
- Managed application state using Redux and Context API
- Optimized performance using React.memo, lazy loading, and code splitting

FSM — Field Service Management System

React JS, Redux, Google Maps API, Axios, Jest, Context API

- Built a ticket management system with real-time engineer location tracking
- Integrated Google Maps API to visually display and assign tickets based on location
- Consumed backend APIs using Axios for data retrieval and updates
- Wrote unit tests using Jest to ensure component reliability

Agrigate — Warehouse Management

React JS, Redux, Material UI, Axios, Hooks

- Developed a warehouse booking platform with location-based nearest warehouse search
- Handled complete frontend development using React.js and Redux for state management
- Integrated backend services using Axios to fetch and post data via RESTful APIs

TECHNICAL SKILLS

Frontend	React.js, TypeScript, JavaScript (ES6+), Next.js, Redux Toolkit, Context API, HTML5, CSS3, Bootstrap, Material UI, Tailwind CSS
Backend	C#, ASP.NET Core Web API, Entity Framework Core, JWT Authentication, REST APIs
Testing	Jest, React Testing Library, React DevTools
DevOps & Tools	Git, GitHub, GitLab, Bitbucket, Jenkins, Docker, CI/CD, VS Code, Postman, Jira
Cloud (AWS)	S3, EC2, Lambda, Route 53 — AWS Certified Cloud Practitioner
Database	SQL Server, PostgreSQL

EDUCATION

Master of Computer Applications (MCA)	2017 – 2020
Sam College of Engineering and Technology, Bhopal	

CERTIFICATIONS

 AWS Certified Cloud Practitioner — Amazon Web Services
